Dear Mr. Wiswesser:

At the May 2016 meeting, the Accrediting Commission of Career Schools and Colleges (“ACCSC” or “the Commission”) considered the Application for Renewal of Accreditation submitted by Welder Training and Testing Institute (“WTTI”) located in Allentown, Pennsylvania. Upon review of the January 8, 2016 Team Summary Report and the school’s response to that report, the Commission voted to grant WTTI **Renewal of Accreditation**. The Commission’s action renews the school’s accreditation for a period of five (5) years going forward from February 2016.¹ Congratulations on this significant achievement.

The mark of an accredited school is its commitment to continuous improvement. Accordingly, the Commission has included an ACCSC Institutional Enhancement Enclosure with this letter, which lists suggestions deserving the school’s immediate attention and action.

Included with this letter is an ACCSC Approved Program Enclosure as documentation of the school’s approved programs. Although ACCSC accreditation is institutional in nature, all programs offered by the school must be approved by the Commission. WTTI will find the Commission’s requirements for the addition of new programs and modifications to existing programs in the *Standards of Accreditation*.

In accordance with this action, the Commission will send the Certificate of Accreditation for WTTI under separate cover. Through the renewal of accreditation, WTTI has continued its partnership with other educators who are committed to providing programs of quality and to conducting their affairs with integrity. The Commission is confident that the school will take this responsibility seriously with consideration for the many other ACCSC-accredited institutions that have embraced accreditation as a means to enhance student learning and achieve educational goals.

The Commission expects that the school will adhere to the *Standards of Accreditation* on an on-going basis and as revisions are approved and disseminated. Please consult regularly the ACCSC website for updates, important due dates, initiatives, and special events planned for the benefit of the Commission’s accredited institutions as well as instructions for the preparation and submission of the Annual Report, sustaining fees, and annual audit of the school’s financial statements.

For further assistance or additional information, please contact Corey Rosso at 703.247.4507 or crosso@accsc.org.

Sincerely,

Michale S. McComis, Ed.D.
